

# FREIXANET SAUNASPORT INSTALLS ITS WELLNESS EQUIPMENT AT THE REAL CLUB TENIS BARCELONA.

*One of the world's most prestigious Tennis Club.*

Freixanet Saunasport has taken part in the lockers and changing rooms reform project at Real Club Tennis Barcelona, with the installation of cutting-edge wellness equipment and technology for health and welfare. The Real Club Tennis Barcelona was founded in 1899 and since then, it has been one of elite clubs in Condal City. Now, it has entered the wellness world by the hand of Freixanet Saunasport's experience.

To this end, the company has installed some of its equipment for the welfare and comfort of the members of this prestigious sports club that is opening a new space for relaxation. Thus, the new facilities will be provided with hemlock finish professional saunas, which will undoubtedly become the attraction of the area thanks to their well-defined forms, impeccable design and fabulous characteristics for relaxing and getting rid of toxins. The wellness area will also have starry sky WELLPRO® steam baths, creating a unique environment and providing the most relaxing and pleasant sensations thanks to the effects of steam, and the possibility of enjoying aromatherapy.

Besides these new facilities, the prestigious Real Club Tennis Barcelona provides a wide range of services to its members with the highest quality standards: restaurant, sporting facilities, swimming pool, physiotherapy, sport center..., making it an ideal place to practice sport and disconnect from daily life activities.

Freixanet Saunasport, the pioneer of wellness concept in Spain thanks to its innovating designs and state-of-the-art technology, once again installs its products and equipment in a prestigious sports club, contributing with its know-how to the creation of new wellness spaces.
