

# HOTEL SUNWAY PLAYA GOLF

Located on the seafront, in the residential area and next to the golf course, the Hotel Sunway Playa Golf opens its new spa facilities under the wellness leisure supply, offering healthy and relaxing advantages to its clients.

Each corner of the wellness area has been conceived in order for the user to be cared for with all the satisfaction guarantees. This way the Freixanet's products are the soul of this space, which count on functional and exclusive saunas of the brand, with modern design and hemlock finishings, that will help in eliminating toxins through heat effects; even one of the saunas includes the SOFT STEAM equipment. On its side, the WELLPRO® steam bath with starry sky will transport the visitor towards a total relaxation. The facilities also include a hydrotherapy bath and fusion showers, as well as a comforting shower temple that consist of bucket shower, sensations shower with a set for temperature and colour contrasts, water fall shower and kneipp shower.

Freixanet is equipping two pools and a jacuzzi, too. And a gym as well. Finally the wellbeing process can have a last stop with a healthy meal in the restaurant or the café situated by the sea.

In this sense, the Hotel Sunway Playa Golf in Sitges achieve that this emblematic town in the Catalan Costa Dorada consolidates once again as high quality tourist supply. Furthermore, the exceptional environment for the practise of golf and sea sports completes the modern wellness area.

These equipments of Freixanet have been developed by its R&D&I department, through thorough techniques and professionalism that are evidence of the continuous innovation of the company. And always applying a methodology aimed to achieve eco-efficient solutions.
